Mr. Doyle Koehn, President  
U.S.A. Safety Domes  
6035 E. 76<sup>th</sup> Avenue, #F  
Commerce City, CO 80022

Re: Truncated Domes

Dear Mr. Koehn,

The City of Lone Tree has been using U.S.A. Safety Domes to supply truncated domes in new handicap accessible ramps on City projects for five years. Because of the quality of product supplied by U.S.A. Safety Domes, the City has had no issues or defects with these truncated domes.

One of the City's biggest concerns was durability and longevity of the product, especially with the harsh winter months. The City has not experienced any issues with the truncated domes supplied by U.S.A. Safety Domes. The City relies on U.S.A. Safety Domes to provide an exceptional product and U.S.A. has yet to fail.

Sincerely,

A handwritten signature in blue ink that reads "Taylor C. Goertz".

Taylor C. Goertz, P.E.  
Capital Improvements Engineer
